SUMMARY

Passionate and ambitious Computer Science student with hands-on expertise in Artificial Intelligence, Data Science, and full-stack development. I build intelligent, scalable solutions — from predictive ML models and NLP pipelines to responsive web platforms and mobile applications — with a strong focus on e-commerce innovation and real-world impact.

TECHNICAL SKILLS

Artificial Intelligence

- › Machine Learning
- › Deep Learning
- › NLP / LLMs
- › Computer Vision
- › OpenAI / Gemini API

Data Science

- › Python & Pandas
- › Data Visualization
- › Statistical Analysis
- › Power BI / Tableau
- › Big Data (Spark)
- › Data Analysis

Ecommerce

- › Shopify / WooCommerce
- › Payment Gateways
- › Product hunting
- › SEO & Analytics
- › Account Management

Web Development

- › React / Next.js
- › Node.js / Express
- › Django / Flask
- › REST & GraphQL APIs
- › HTML5 / CSS3 / JS

App Development

- › Flutter
- › React Native
- › Firebase Backend
- › iOS & Android
- › App Store Deployment

PROJECTS

#01

E-Commerce Store

Handled product listings, inventory management, order fulfillment, customer support, and store optimization to improve sales performance and customer satisfaction.

#02

AI Based Image Translation

Performed AI-assisted image translation by extracting text from images, translating content into target languages and visual consistency to improve accessibility and user experience.

#03

Full Stack Web

Developed and maintained a responsive portfolio website showcasing projects, skills, and professional achievements, featuring modern UI design, and optimized performance across devices.

EDUCATION

Bachelor of Science in Computer Science

MNS UET Multan

2024 – 2028

Relevant Courses:

Data Structures, Algorithms, AI Fundamentals, Database Systems, Software Engineering, OOP

CERTIFICATIONS

Machine Learning Specialization

Coursera — Stanford University • 2024

Google Data Analytics Professional

Google / Coursera • 2025

Full-Stack Web Development

freeCodeCamp • 2024

Ecom Virtual Assistant

The H university — • 2026
